

# **MUFFAKHAM JAH**

## **COLLEGE OF ENGINEERING AND TECHNOLOGY**

## **Electrical Engineering Department**

### **VISION**

To produce proficient engineers who illuminate the nation, drive the industry and innovate in the field of power and automation.

### **MISSION**

Provide futuristic and comprehensive technical education to equip students with core competencies and relevant skill sets through effective teaching learning methods and state of art laboratories thus preparing them for global careers.

Pursue need based research and provide consultancy and testing services to address contemporary issues in the fields of electrical and instrumentation engineering.
