

# DOODLE YOUR ENGINEERING

## Event Report

---

### Introduction

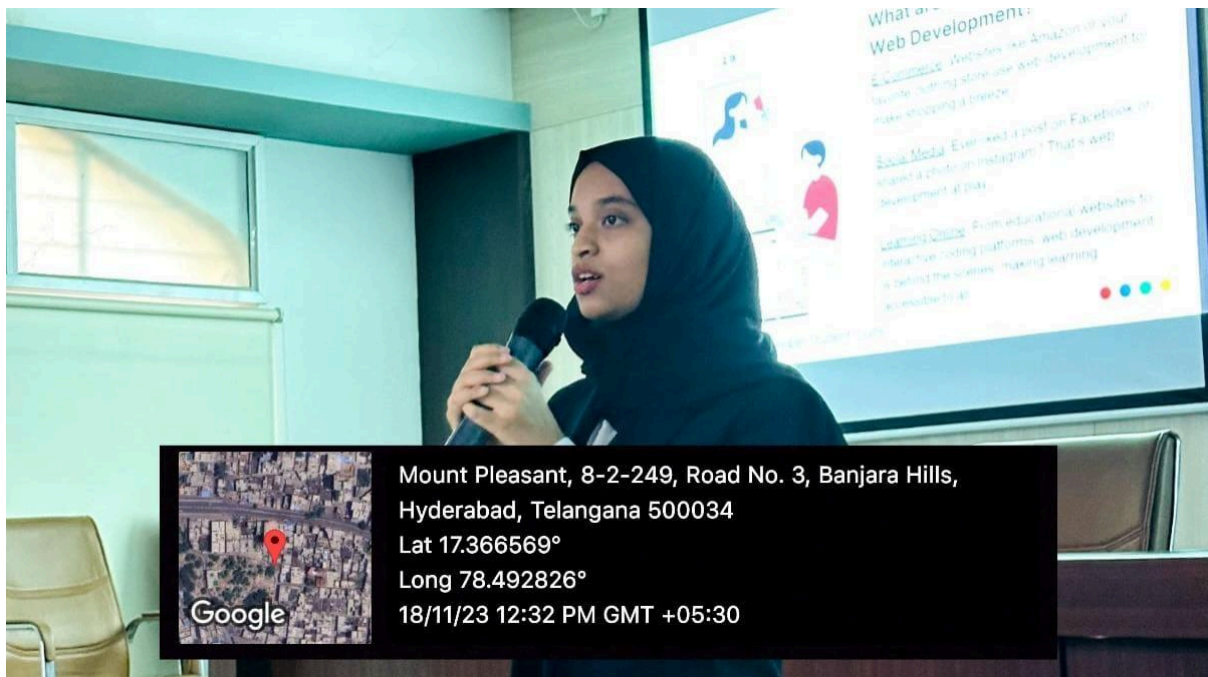

Doodle your Engineering was the first event hosted by GDSC MJCET for the academic year 2023-24 on 18th November 2023 at Seminar Hall, Block 4. The event gave an opportunity to students to kick start their tech learning journey with the Google Developer Student Community. These include

1. Guides to get started with all the latest technologies right from the basics.
  2. A roadmap to make the most of your 4 years of engineering and tips to excel academically.
  3. Guide to establishing an online presence through LinkedIn profiles.
  4. A lineup of game-changing productivity tools to supercharge workflow and take students' efficiency to the next level.
-

---

The event commenced with the recitation and translation of the verses of the Holy Quran by Mubashir Ahmed, Tech captain of GDSC MJCET. A warm welcome to the audience and a brief introduction to the event was given by the Treasurer of GDSC MJCET, Mr. Omar Feroz. Abdul Aleem, Lead of GDSC MJCET, introduced GDSC to the audience and enlightened them about its mission and values followed by an informative video of the GDSC global community.
