Profile of the two organizations:

DERAZ ENGINEERS is Hyderabad based company that was established in the year 1988 with a sole aim to manufacture, sell and provide service of quality products. It is authorized representative of multi-national companies like KSB Pumps, Siemens, Crompton Greaves, Gardner-Denver, Comp Air, Intervolve India, Kluber and Pall Water. DERAZ ENGINEERS manufacture pump sets, valves, electric motors, water treatment plants, air compressors, special lubricants, drives, couplings and accessories as per customer requirement and have more than 800 clients at that service. They have regional offices in Hyderabad, Vijayawada, Nellore and Chennai to cater the market demands.

Muffakham Jah College of Engineering and Technology established in the year 1980, is a premier institute of its kind, offering four year B.E. degree courses in 9 Engineering branches, namely, Civil Engineering, Computer Science Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Information Technology, Mechanical Engineering, Artificial Intelligence & Data Science, Artificial Intelligence & Machine Learning and five post graduate courses in M.E. (CAD/CAM), M.E. (Structural Engineering), M.E. (Digital Systems), M. Tech. (Computer Science), M.E. (Power Electronic Systems) of two years duration. The College is affiliated to the Osmania University and is approved by the AICTE.

DERAZ ENGINEERS & MJCET - MOU

This memorandum of understanding witnesseth as follows.

DERAZ ENGINEERS and MJCET have agreed and give their mutual consents to work together and extend support to each other in the following areas over a period of time for at least three years from 16th May,2022.

1. Placements

DERAZ ENGINEERS consider MJCET for campus selection and hire the graduate engineer trainees from Mechanical and Electrical Engineering streams. Graduate engineering trainees will later be absorbed on regular rolls as per company rules and regulations. Suitable pay scales will be awarded as per the performance of the candidates and company policy. DERAZ ENGINEERS will consider MJCET as the priority institute for recruitment. MJCET will extend all the cooperation to DERAZ ENGINEERS and facilitate selection process of Graduate engineering trainees.

2. Internship

As per the curriculum, engineering students are required to undergo internship for a period of six weeks during summer vacation after completion of third year. DERAZ ENGINEERS will provide internship in their company to students, who will work for DERAZ ENGINEERS and accomplish the task assigned to them.

3. Industry Consultancy Projects

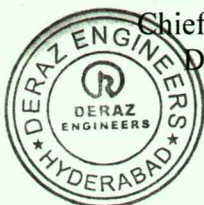

DERAZ ENGINEERS will consider MJCET for any R&D projects in their company. Faculty and students of MJCET collaborate to work with DERAZ ENGINEERS on mutual agreement to accomplish the R&D projects as per the requirements of DERAZ ENGINEERS, who will utilize the intellectual abilities of MJCET faculty in Research and Development of their products and services.

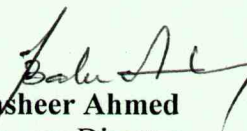

4. Students Projects

As per the curriculum, students are required to work on project in final year. DERAZ ENGINEERS will accommodate students to pursue their project work under the supervision of their engineers. Students will abide by the rules and regulations of DERAZ ENGINEERS during the tenure of project work.

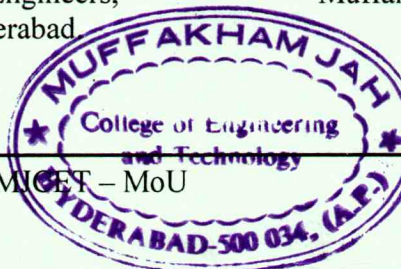

Mr. Abdul Razak K.A.
Chief Executive Officer,
Deraz Engineers,
Hyderabad

Dr. Basheer Ahmed
Advisor cum Director,
Muffakham Jah College of Engg. & Tech.,
Hyderabad.

ADVISOR-CUM-DIRECTOR
Muffakham Jah College of
Engineering & Technology
Road No:3, Banjara Hills,
Hyderabad-500 034, T.S.

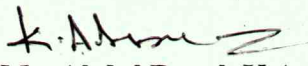

5. Training

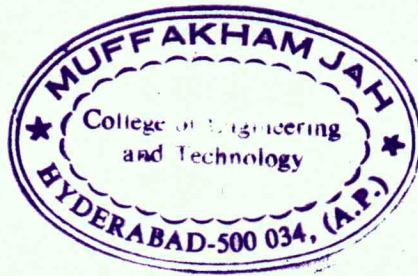

DERAZ ENGINEERS will organize training program in the field of their expertise. Faculty and students of MJCET will participate to take the benefit of rich industrial experience from DERAZ ENGINEERS.

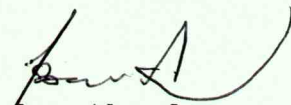

6. Industrial Visit

DERAZ ENGINEERS will facilitate industrial visit by third year students of MJCET at their works and their client works once in an academic year. Students will make a visit without disturbing the activities in the company.

DERAZ ENGINEERS and MJCET have agreed to cooperate with each other on regular basis and work together towards company social responsibility (CSR) for the mutual benefit of the industry and the institution to fulfill organizational objectives.
