Solar Light Donation

In accordance with the Unnat Bharat Abhiyaan (UBA), the solar lights for schoolchildren in Gudi Thanda, Sangareddy which is one of the adopted villages, have been donated and distributed 30 solar lights by our college Muffakham Jah College of Engineering and Technology, Banjara Hills, Hyderabad as a participating institution. The core reason to provide the solar lights is to study well during the night time in absence of power off.

On June 22, 2024, the following activities were conducted:

- A brief on importance of education in schools for motivating students.
- Suppled rough note books to the students
- Donating a solar light to the school students
- Expressing gratitude and respect to teachers.

Remarks:

- Students in school became more motivated and felt really happy. After supporting and assisting their students, teachers were extremely happy.

System Donation

As part of the Unnat Bharat Abhiyaan (UBA) initiative to enhance the calibre of the teaching and learning process, the participating institution Muffakham Jah College of Engineering and Technology, Banjara Hills, Hyderabad, has provided and delivered the computer system for a government school at one of our adopted village, Hanuman Nagar, Sangareddy. The main purpose is to provide the computer system to create the awareness using online tools such as Diksha website etc and also learning of Microsoft office. In order the face the competitive examinations in future they can get familiar with the keyboard operations.

On June 22, 2024, the following activities were conducted:

- A brief on importance of education in schools for motivating students.
- Supplied rough note books to the students
- Donating a computer system to the school
- Expressing gratitude and respect to teachers.
