

Mr. V. Suvarna Kumar is a dedicated academician and researcher currently pursuing his doctorate in Mechanical Engineering. With a strong background in both industry and academia, Mr. Kumar brings a wealth of practical experience and academic expertise to his role. Mr. Suvarna Kumar began his professional journey as a Quality Control Engineer at DRDL, where he was involved in the metrological inspection of Agni and Prithvi Missiles for a period of 5 years. His experience in quality control provided him with invaluable insights into precision engineering and manufacturing processes.

Transitioning to academia, Mr. Suvarna Kumar has served in various teaching and administrative roles over the years. He obtained his Bachelor's Degree in Mechanical Engineering from KU and his Master's Degree from OU. He started his academic career as an Assistant Professor at DVR CET Sangareddy from 2000 to 2010. Subsequently, he served as an Associate Professor at GNEC, Ibraheempatnam, Hyderabad, from 2010 to 2011, and then as the In-charge HOD at MLRIT, Dundigal, from 2011 to 2012. He further honed his leadership skills as the HOD at HITM from 2012 to 2014. Since May 2014, he has been serving as an Assistant Professor at MJCET, where he continues to make significant contributions to the field of Mechanical Engineering. Mr. Suvarna Kumar's teaching expertise lies in Machine Drawing, Production Drawing, Metrology and Instrumentation, Design for Manufacturing, and Tool Design. He has been entrusted with the responsibility of overseeing the Metrology and Instrumentation Lab at MJCET since 2014, where he ensures students receive hands-on training in precision measurement techniques.

In addition to his teaching responsibilities, Mr. Suvarna Kumar is actively engaged in research and scholarly activities. He has participated in several national and international conferences and seminars, contributing to the dissemination of knowledge in his field. Furthermore, he has published articles in both national and international journals, reflecting his dedication to advancing research in Mechanical Engineering. Mr. V. Suvarna Kumar's extensive experience in both industry and academia, coupled with his expertise in production and design, make him a valuable asset to MJCET and the broader academic community. His commitment to teaching, research, and student mentorship underscores his passion for fostering excellence in Mechanical Engineering education.
