Suggested given in the BoS meeting held on 6.11.20

1. 3 weeks of Induction Program to be incorporated in the scheme.
2. Honors degrees with MOOCs course must be highlighted in the scheme as to which semester onwards they can opt.
3. Revision of Environmental Engineering Syllabus (PC 413CE) offered in V sem.
4. Revision of Building Materials and Construction Syllabus (PC 401CE) in III sem: Replace arches unit with damp proofing and Fire protection
5. Service subjects offered by Civil department should be specifically mentioned below each semester scheme which will help in the preparation of the workload.
6. Advanced Concrete and Precast Technology (PE 509 CE) offered as elective in VI sem can be renamed as Advanced Concrete Technology.
7. Engineering Chemistry Syllabus BS204CH offered in I sem should be modified specific to Civil Engineering.
8. In BE III Semester PC404CE- Surveying and Geomatics course: Geomatics topic can be included in some of the units.
9. Restructure of the Concrete Technology Syllabus PC 411CE offered in V sem
10. Revision of Computer Application Lab PC 459CE offered in VI sem.
11. Change subject title name "Introduction to Climate change" PE 527 CE offered in VIII sem to Principles of Climate change"
12. Inclusion of Tachometry topic in Surveying and Geomatics PC 404CE subject offered in III sem
13. Include books authored by Dr. R. Srinivas Kumar in the references.
14. Delete reference book "Open Channel Hydraulics, Ven Te Chow, The Blackburn Press, 2009"
15. Comparison of the scheme and syllabus of the affiliated colleges with the scheme and syllabus made for the Dept. of Civil Engg, UCE (Autonomous), while emphasizing that exact matching of the two may not be possible due to various considerations.
16. Advanced professional electives can be included only if qualified faculty for specialized subjects are available.

The Dean, FoE welcomed all the Principals of the Affiliated Engineering Colleges for the online meeting (<https://meet.google.com/wbg-wakv-jxg>)

1. The modalities of B. E. (Honours) degree were discussed and finalized. These guidelines will be incorporated in the Rules and Regulations copy and will be sent by mail after its approval in FoE and Standing Committee meetings.
2. The Dean, FoE has clarified that, syllabus for English lab for the lateral entry students has been received from the Chairperson, BoS of English Department and the same will be sent by mail to all the Principals of the Affiliated Engineering Colleges. This is because in the online meeting held on 19.02.2021 at 4:00 p.m. (<https://meet.google.com/dgk-mgpv-rkp>) few have expressed the doubts regarding the content. The bridge courses for the lateral entry students will have to be completed before 20.03.2021. The Additional Controller (Professional) had agreed to extend the time for the payment of examination fee only for bridge courses by the students upto 08.03.2021.

3. In the past The Dean, FoE had given the permission to exempt some courses wherein the students have already completed those courses in the earlier semesters and took admission now because of detention. However, in the process if they have missed out some of the Core/Elective/Mandatory Courses, they may be facilitated to undergo those courses. Hence, all the Principals of the Affiliated Engineering Colleges were requested to send the list of such students through the concerned HoDs to The Dean, FoE for onward transmission to The Additional Controller (Professional) at the earliest. This will enable the students to satisfy the credits requirements specified by their Department.

The Dean, FoE thanked the Principals for their contributions in various activities.

2. Based on the inputs provided by Examinations Branch, it was decided to modify the policy on pass percentage criteria. Hence, it was proposed that a candidate shall be deemed to have fully passed the SEE, if he/she secures not less than the minimum marks/grade (E) as prescribed irrespective of marks obtained in CIE. Minimum pass marks / grade in the Semester End Examinations Evaluation shall be.

Each theory subject	40%	E-Grade
Each practical subject & project work	50%	D-Grade

However, these guidelines will be implemented for the students admitted from the academic year 2020-2021 onwards.

3. The almanac for UG 2, 4, and 6 Semesters of the academic year 2020-2021 will be provided to all the Principals for their feedback before finalization.
4. The Mandatory courses suggested by AICTE viz., Environmental Sciences, Essence of Indian Traditional Knowledge, and Indian Constitution will have to be completed by the lateral entry students at the earliest as per the available slots in the Departments by those students who could not complete in semester -III. This is offered only as a onetime chance because of the communication gap due to covid-19.

The Dean, FoE welcomed all the Members of the Faculty of Engineering for the online meeting (<https://meet.google.com/myw-ancb-zbe>)

1. In CBCS scheme 8 semester Civil Engineering programme, 6 theory subjects and Project work is included. The 8 semester in the academic year 2020-2021 is condensed to 13 weeks (7 weeks with 1 week for sessional exams and 6 weeks with double the number of contact hours per week for theory subjects). In view of this, a requisition was given by the Civil Engineering Department faculty to the Dean, FoE to provide a suitable solution to reduce the pressure on students. Hence, it is proposed to give more choice to the students in the SEE viz., in PART-A the students will have to answer any 5 questions of 2 marks each out of 10 questions and answer any 3 questions of 20 marks each out of 7 questions. Therefore, Additional Controller is requested to take necessary steps while sending the offers for Question Paper setting to 8 Semester CE students.

lateral entry students. In view of this it is proposed to take inputs from BoS of various departments so that these courses can be scheduled as one course per each semester from semester-4 onwards. This is because the lateral entry students are already having 2 bridge courses in semester-3. Therefore, the Examination Branch will be intimated the details in this regard after the finalization of the scheme by the Chairpersons, BoS so that lateral entry students marks statements are not marked with grades of supplementary examinations for these courses.

The Dean, FoE welcomed all the Members for the online meeting (<https://meet.google.com/pds-uhhb-jxk>)

As the state government has ordered for the closure of all colleges, the ongoing offline teaching has been discontinued for all semesters of UG & PG programmes. However, as per the government instructions online teaching is permitted. In view of this, the Dean, FoE has reviewed the situation of ongoing UG & PG programmes and the following resolutions were arrived unanimously.

1. The left out UG-I semester lab course work, and the SEE for lab courses will be conducted before SE theory examinations after removal of ban on offline instructions by the government. Similarly, the left out batches of UG-III, and V semesters SEE for lab courses will be conducted before SE theory examinations after removal of ban on offline instructions by the government. However, to facilitate the students for recapitulating the earlier semester courses about a week days time will be given to them. Hence, the class work for II, IV, and VI semesters will commence in the online mode for theory courses from 08.04.2021.
2. However, the UG-VIII semester course work has already commenced on 22.03.2021 in offline mode will now continue in the online mode for theory courses only. The lab course work for them will be planned in offline mode before the SE examinations.
3. The PG-I semester CIE-II examinations can be held in online mode. Subsequent to that the even semester class work can commence in the online mode for theory courses from 19.04.2021.

The Dean, FoE thanked all the members for their valuable inputs.
