Dear Mousmi Ajay Chaurasia and Amit Kumar,

Thank you very much for your recent proposal **“Smart Waste management for Covid19 related primary health care centers and villages in remote areas” (21-COV1-061)** in response to the 2021 IEEE HAC/SIGHT Projects - Focus on COVID-19 Response Call for Proposals.

The HAC & SIGHT Projects Committee would like to provide support for this project and is pleased to award funding in the amount of **US \$4,750.00**. This amount must be used to fund the project as per the budget submitted with your proposal.

HAC's assumption is that the project will follow the correct protocols and safety codes as outlined in applicable law for the region you are in.

Please note the [Message from IEEE on coronavirus COVID-19](#), particularly "We request that all members avoid conducting in-person activities in areas impacted by the coronavirus threat and instead maximize the use of our online and virtual alternatives."

REPORTING

The HAC & SIGHT Review Committee requires that you clearly measure the project's progress and use of funding and provide brief monthly reporting updates for the (up to) six months of the project term, ideally with photos or video for social media sharing, as well as a final report within 2 months of the project's completion. The reporting will be assigned via the online funding portal where you submitted your application.

PLEASE CONFIRM

1. that you accept the terms of this offer,
2. that the funds can be routed through the IEEE Hyderabad Section via their IEEE account - if so, we request acknowledgement from the Section's Chair or Treasurer that the funds will be received from us to disburse for your project. Please note that IEEE makes 1 monthly transfer to our partner in India, GIEEE, for disbursement to the Sections.
3. start & end dates of your project with this funding - we suggest 21-Jun-21 to 20-Dec-21 to give time to transfer funds**, please advise if you prefer another date range (6 months is max allowed).

** based on 1 monthly transfer noted above.

Upon receipt of this information, we can begin to initiate the award documents for your signature in order to proceed with this funding.

Congratulations!

Best wishes,

Betsy Toland

RESEARCH AND DEVELOPMENT CELL
PROJECT SANCTION ORDER

Ref: MJ/20/R & D/6/10

As per the decision of R&D committee, R&D cell, MJCET is happy to sanction **Rs. 32,000/- (Rupees: Thirty two Thousand only)** to the Project group for the Project, as detailed below. It is expected that the project will be completed in time and a detailed report will be submitted to R&D cell. Project Completion report and a one-page write-up with the project picture has to be submitted to the Coordinator, R & D Cell, MJCET.

Project: Refurbishing of Solar powered charkha

Department: Mechanical Engineering Department

Investigators:

1. Dr. D. Srinivas Rao, Professor, MED
2. Mr. Irfan Sadaq, Assistant Professor, MED

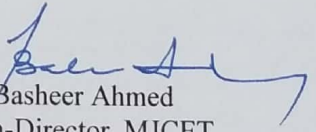

Note: (i) All the rights of the project are reserved with R & D Cell, MJCET

(ii) No part of the project work can be published as a paper or patented without the prior permission of the Coordinator, R & D Cell, MJCET. If the work is published or patented without the credit to the MJCET then amount sanctioned to the project has to be refunded immediately and necessary action will also be taken by the Chairman, R&D Cell, MJCET.

It is also clarified that all financial transactions would be through Project guides/ HODs, as per the procedure, followed by Accounts department, MJCET, Hyderabad

Dr. Ishrat Meera Mirzana
Professor, MED, MJCET
(Coordinator, R&D Committee)
Dt: 21/11/2020

Dr. Basheer Ahmed
Advisor-cum-Director, MJCET
(Chairman, R&D Committee)
Dt: 21/11/2020

Copy to:

HOD/ Project Guide: With a request to raise a requisition for the approval of Hon. Secretary, SUES for said amount.

Accounts Department: To release funds to HOD/ Project guide on approval of Hon. Secretary, SUES.

REPORT ON CONFERENCE RECORDING CENTRE

Conference recording centre was set up in 2020 – 2021.

Conference recording centre (CRC) provides the optimum recording facility in a dedicated, distraction-free environment. As Audio plays a major role for creating e-content along with video, animation, and text, audio narration makes an online contents more natural and helps the audience quickly grasp.

While creating the centre we encountered and tried to solve the following problems

- How to record a quality narration when you're on a tight budget;
- How to select a voice over microphone;
- How to record and edit audio.

Following equipment were procured for the setup of CRC

- 1. Audio System**
- 2. Mic**
- 3. Speaker**
- 4. ACs**
- 5. Projector**

About Audio Amplifier System

- Contains Preamplifier and Line Output for connecting to a Booster Amplifier and for recording the programme
- Line Input for connecting the output from any external mixer to be used as a Booster Power Amplifier.
- Resettable circuit breaker for protection against overload and short circuit.
- With low noise, high intelligibility and durability, the speakers on both sides of the stage can work well without distortion even in a high-power working environment, for creating a stereo original sound in every corner of the conference room. As the multifunctional conference system solution provided by DSPPA for the lecture hall has powerful functions and easy-to-understand system operation, it can effectively guarantee the daily operation of various meetings and activities in the conference room.
