

EVENTS CONDUCTED DURING YEAR 2020 -2021

EWB -MJCET student chapter has conducted few events during the academic year 2020-2021. The list of events organized are stated below.

1. Event name: **'Cities resilience and practices in response to post-lockdown' competition**

Organized by the British Deputy High Commission, Hyderabad

Dates : February 26 2021 - March 5 2021

Team Members: AkshayKolli&Mehanz Fatima

Description:

While we anticipate our cities to be healthy, being sustainable and economically resilient, the impact of COVID-19 pandemic has taken its toll, throwing open several deficiencies and gaps in terms of infrastructure, design as well human development aspects like health, education, social/economic disparities and livelihoods. The cities are re-prioritizing their approach to urban development and renewed goals are being envisaged and promoted for the post-pandemic scenario. The contest invited the presentations of conceptual solutions from various colleges.

2. Event name: **Smart internz Go daddy web-build-a-thon**

Dates: Jan 18 – 21, 2021

m. j. kolli
28/04/2021
PRINCIPAL
Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDERABAD-500 034.(T.S.)

Team Members: AkshayKolli, Abdul Rahman, Shaik Aleem Pasha, KomalGogineni, Mohd Abu Bakr Siddique, Tauqeer Ahmed, Mirza Rizwan Ali Baig, Mohd Abdul Mateen, RimmalapudiVenkat

Description:

Web Build-A-Thon is a tech building program launched by SmartBridge in association with GoDaddy Academy for Students & Faculty to provide Hands-On Experience on building Websites. The program consists of e learning and a 36 hour web site buildathon.

3. Event name: **IUCEE leadership course**

Dates: May 2020 to Jan 2021

Team Members: AkshayKolli, VenkatRimmalapudi, KomalGogineni, Abu Bakr, Abdul Mateen.

Description: Students were educated on leading social problems in 5 different fields from various experts over a course of 9 months leading to increase a creative and problem solving methodologies.

Handwritten signature and date:
26/04/2022

4. Event : World Water Day

Dates: March 22, 2021

Speaker for the Event : Dr. A. Abdul Rahaman , Ph.D , Professor

Area of Specialization : Waste Management; Bio-mass

Description: The event focused on the waste water treatment how can it be reduced and redirected for usage in the agricultural fields.

More than 150 members registered for the event.

Muffakham Jah College of Engineering and Technology
Presents
A Webinar on
Wastewater Treatment

By
Dr. A. Abdul Rahman
Expert Member (formerly) eastern and
western ghat research, Ministry of
Environment and Forest,
Professor, MED, Sai Ram Engineering
College, Chennai
On
22nd March, 2021 at 11AM
Registration link
<https://forms.gle/ijhawZKmNgJe1oJg6>
Last date of registration is 21st March, 2021

**World Water Day
22 March**

Pure Water is the World's First
and Foremost Medicine.

Note: Link for joining the webinar will be provided to the
registered participants

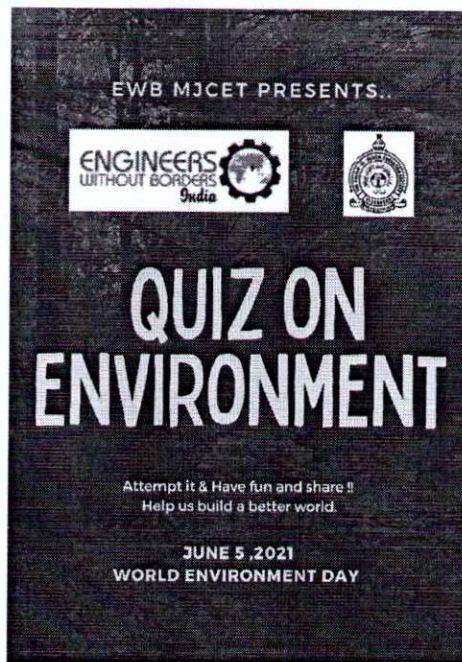

5. Event : World Environment Day

Dates: JUNE 5 , 2021

Abdul Rahman
25/04/2021

Mode of Event : Online Quiz

Description: The event was conducted to enrich the the thought process of Engineers and it focused on the various problems faced. Total of 26 participants have members registered for the event.

Dr.Ishrat M.M

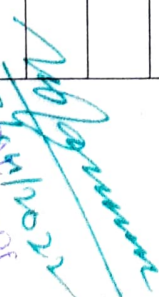

Faculty Advisor

EWB

-MJCET.

Unnat Bharat Abhiyan :

It is a flagship programme of the Ministry of the Human Resource Development ,with the intention to enrich Rural India. The knowledge base and resource of the Institutions of the country are to be leveraged to bring in transformational change in the rural development process. It also aims to create a vibrant relationship between the society and the higher education institutes.

Vision:

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

Mission:

The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

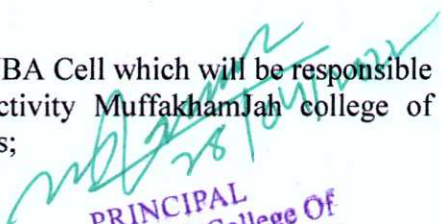

Goals:

- To build an understanding of the development agenda within institutes of Higher Education and an institutional capacity and training relevant to national needs, especially those of rural India.
- To re-emphasize the need for field work, stake-holder interactions and design for societal objectives as the basis of higher education.
- To stress on rigorous reporting and useful outputs as central to developing new professions.
- To provide rural India and regional agencies with access to the professional resources of the institutes of higher education, especially those that have acquired academic excellence in the field of science, engineering and technology, and management.
- To improve development outcomes as a consequence of this research. To develop new professions and new processes to sustain and absorb the outcomes of research.
- To foster a new dialogue within the larger community on science, society and the environment and to develop a sense of dignity and collective destiny.

Participating Institutions (PIs):

All participating institutions (PIs) are expected to establish a UBA Cell which will be responsible for carrying out the activities of the UBA. Under this activity MuffakhamJah college of engineering and Technology has adopted the following villages;

Id: C-25464

PRINCIPAL
Muffakham Jah College Of
Engineering & Technology
Banjara Hills, Road No. 3,
HYDERABAD-500 034.(T.S.)

S. No	Name of the Village	Name of the Mandal	Name of the District	Name of the State
1	Gudi Thanda	Sangareddy	Sangareddy	Telangana State
2	Hanuaman Nagar	Sangareddy	Sangareddy	Telangana State
3	Dasugaddathanda	Sangareddy	Sangareddy	Telangana State
4	ThunikilaThanda	Kandi	Sangareddy	Telangana State
5	KoyyagunduThanda	Kandi	Sangareddy	Telangana State

Our college is successfully completed Village survey for all the five allotted villages and four house hold survey. The same thing is uploaded in website of Unnat Bharat Abhiyan.

Works did in 2020:

House hold survey of the KoyagundaThanda is completed on **15/12/2020** along the following faculty members.

- Dr.MohammadSadak Ali Khan (Project Coordinator and Professor in M.E.D.)
- Mr. V. Dharam Singh assistant Professor (M.E.D)
- Mohammad rafi , Assist professor (E.E.E.)
- Anandkumar , Assist professor (M.E.D.)
- IrfanSadaq, Assist professor (M.E.D.)
- Qutubuddin ,Lab Technician (M.E.D.)

Regularly contact with villages surphanges through Whatsup mails to motivate the people, especially the precautions to take about Covid-19.

Mohammad Sadak Ali Khan
15/12/2020

Outreach Activities

Unnat Bharat Abhiyan (UBA)

The progress of work pertaining to UBA is progressing slowly in view of the pandemic. In the I semester of 2020-2021 the UBA team of MJCET has successfully completed the village survey in all the five selected Tandas and the information was uploaded on the UBA website after processing it. The work of household survey has been completed in four out of the five Tandas. Representatives of MJCET are in regular contact with the sarpanches over phone and WhatsApp during the second wave of the pandemic, and are guiding and motivating them to take precautionary measures to prevent the spread of Covid-19 disease.

Members UBA Cell

1. V. Dharam Singh, Assistant Professor, MED
2. Barkat Ali Khan, Assistant Professor, CED
3. K. Mohammad Rafi, Assistant Professor, EED

Coordinator UBA Cell

REPORT

Name of the Activity :Food Donation

In association with EWB-MJCET was organized in Muffakham Jah College of Engineering and Technology on 13.08.2020. Students and were made to participate in the event. A package of food distribution was carried out for Covid effected families. The basic kit consisted of Atta, sugar, 2 type of dal and 5kgs of rice and 1 it oil packet, it costed approximately Rs. 500/- and the financial support for the same has come from family, friends and faculty of MJCET and its students

Impact Analysis for Food Donation Programme

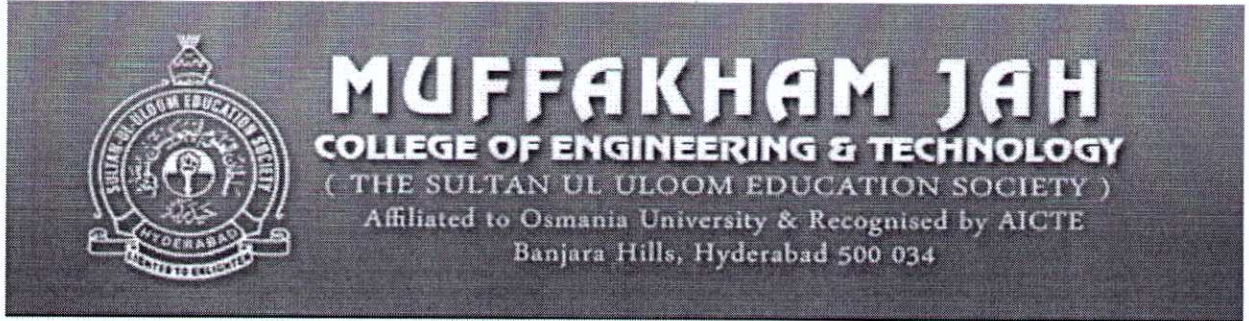

- Increase funding and resources for livelihoods recovery to address the secondary impact of Covid-19 on jobs and incomes and promote alternative income-earning opportunities that can be sustained even during the Covid-19 pandemic. Such actions should be simple, appropriate and support local markets.
- Support displaced communities to avoid adopting negative and damaging coping strategies.
- Immediate food needs must be met to prevent loss of lives, and food security activities must be complemented by diversified livelihoods actions that are adapted to the Covid-19 context.
- Continue monitoring the economic indicators and their trends at least on a monthly basis, through existing activities by NRC and other stakeholders in Yemen. Food systems which include import delays, logistical barriers, market functionality, loss of income from formal and self-employment activities will be critical to track.
- Track and monitor household purchasing power, specifically indicators on availability and access to food commodities in the local markets. Access restrictions (conflict and bureaucratic related) and their impact on food security will also remain critical to monitor.
- Advocate with relevant authorities and stakeholders to ensure supply chain lines remain open and uninterrupted, to ensure availability of key commodities in local markets. Advocacy can also be taken to a higher level regionally with concerned parties to ensure that barriers to the supply chain are minimized and/or eliminated.
- Conduct regular data collection, analysis and interpretation of trends in prices should, preferably on a monthly basis, and share findings and recommendations with sector teams to inform adaptation, modality and delivery.

REPORT

2020-2021

COVID-19 Awareness Programme

“COVID-19 Awareness” programme in association with EWB-MJCET was organized in Muffakham Jah College of Engineering and Technology on 10.10.2020. While that has to be fought against but there are underlying problems too which were not letting them recover from the loss. The SMS awareness was created among the student community of the college communicating with the covid patients and their members for counseling to overcome the depression and fear that was caused due the covid pandemic and in faculty 3 admin staff have passed away and in students they lost their parents, it was realized that it was not just the pandemic disease and its constituent colleges. Also the awareness about preparation of sanitizer was explained.

M. J. J. J.

New Covid-19 treatment guidelines

The All India Institute of Medical Sciences and Indian Council of Medical Research (ICMR) have issued new guidelines to identify Covid-19 treatment based on three levels of seriousness - mild, moderate and severe. A look at the new protocol

MILD DISEASE

Upper respiratory symptoms (or fever) without shortness of breath or hypoxia

Dos*

- Distancing, mask use, strict hand hygiene
- Symptomatic management (hydration, anti-pyretics, anti-tussive, multivitamins)
- Staying in contact with doctor
- Monitoring temperature, oxygen saturation

Seek immediate medical attention if: Difficulty in breathing AND/OR high grade fever/severe cough, particularly if for 5+ days

MAY Dos:

- Tab Ivermectin (200 mcg/kg once a day for 3 days) (avoid in pregnant and lactating women) OR Tab HQ (400 mg BD for 1 day / 400 mg OD for 4 days) unless contraindicated
- Inhalational Budesonide (800 mcg BD for 5 days) if symptoms (fever and/or cough) are persistent beyond 5 days of disease onset

WHO ARE HIGH-RISK PATIENTS?

Age 60+ years, cardiovascular disease, hypertension, and CAD, diabetes and other immunocompromised patients, chronic lung/kidney/liver disease, cerebrovascular disease, obesity

MODERATE DISEASE

Respiratory rate >24/min, breathlessness; SpO2: 90-93% on room air

OXYGEN SUPPORT

- Target SpO2: 92-96% (88-92% in patients with COPD)
- Preferred devices for oxygenation: non-rebreathing face mask
- Awake proning encouraged
- Anti-inflammatory or immunomodulatory therapy
- Inj. Methylprednisolone 0.5 to 1 mg/kg in 2 divided doses (or an equivalent dose of dexamethasone) usually for 5-10 days
- Patients may be initiated or switched to oral route if stable and/or improving

ANTICOAGULATION

Conventional dose prophylactic unfractionated heparin or low molecular weight heparin (weight based e.g., enoxaparin 0.5mg/kg per day SC). There should be no contraindication or high risk of bleeding

MONITORING

- Work of breathing, hemodynamic instability; Change in oxygen requirement
- Serial CXR; HRCT chest to be done ONLY if there is worsening
- Lab monitoring: CRP and D-dimer 48 to 72 hrs; CBC, KFT, LFT 24 to 48 hrs; IL-6 levels to be done if deteriorating (subject to availability)

SEVERE DISEASE

Any one of: Respiratory rate >30/min, breathlessness OR SpO2 <90% on room air

OXYGEN SUPPORT

- Consider use of NIV
- Consider use of HFNC
- Intubation should be prioritized in patients with high work of breathing / if NIV is not tolerated
- Use conventional ARDSnet protocol for ventilatory management

ANTI-INFLAMMATORY OR IMMUNOMODULATORY THERAPY

Inj Methylprednisolone 1 to 2mg/kg IV in 2 divided doses (or an equivalent dose of dexamethasone) for 5-10 days

ANTICOAGULATION

Weight based intermediate dose prophylactic unfractionated heparin or low molecular weight heparin (e.g., Enoxaparin 0.5mg/kg per dose SC BD)

SUPPORTIVE MEASURES

- Maintain euvolemia (if available, use dynamic measures for assessing fluid responsiveness)
- If sepsis/septic shock, manage as per existing protocol and local antibiogram

MONITORING

- Serial CXR; HRCT chest to be done ONLY if there is worsening
- Lab monitoring: CRP and D-dimer 24-48 hourly; CBC, KFT, LFT daily; IL-6 to be done if deteriorating (subject to availability)

EUA OR OFF LABEL USE

(based on limited evidence and only in specific circumstances)

REMEDESIVIR

- May be considered ONLY in patients with
- Moderate to severe disease
- No renal or hepatic dysfunction, AND
- Who are within 10 days of onset of symptoms/
- Not to be used in patients who are NOT on oxygen support or in home settings

TOCILIZUMAB

- May be considered when ALL OF THESE CRITERIA ARE MET
- Presence of severe disease
- Significantly raised inflammatory markers
- Not improving despite use of steroids
- No active infection

CONVALESCENT PLASMA

- May be considered ONLY WHEN THESE CRITERIA ARE MET
- Early moderate disease
- Availability of high titre donor plasma

Reduce the risk of Coronavirus infection follow these important precautions

Coronavirus is a new disease which is happening in China and has affected other countries. The virus has flu like symptoms such as:

If you have returned from China or any other affected countries or have been in contact with any person suspected to be affected by Coronavirus, then stop your contact with others and follow these important steps:

1 **Limit contact with everybody for next 14 days and sleep in a separate room**

2 **Cover your nose and mouth while sneezing**

3 **Wash your hands with soap regularly**

4 **Stay far away from persons who have Cough, Cold and fever**

Impact Analysis for Covid Awareness Programme

- Increase community outreach to disseminate key health and Covid-19 messages on the symptoms, prevention and transmission methods. Key messages should be focused on the identified knowledge gaps and information needs identified in this assessment.
- Disseminate information on the measures and protocols taken by local authorities, how to stay safe and healthy during the pandemic, and the steps to be taken when developing symptoms or when caring for someone infected with Covid-19.
- Ensure different forms of media are utilized to spread hygiene promotion awareness messages and awareness of health services. For example, radio spots, TV spots, text messaging, social media, and mass awareness campaigns via megaphones, posters and leaflets in public places. Recommendation: Advocate for health agencies to increase their presence and operations especially within IDP sites. Support isolation/quarantine centres and promote equal access for all groups and health cases without discrimination in all health facilities.

MJCET

Muffakham Jah College of Engineering and Technology (MJCET) was established in the year 1980 by Sultan-UI-Uloom Education Society (SUES). Today it is a premier institute, offering BE Courses in 8 Branches (Civil, ECE, CSE, IT, EEE, EIE, Mechanical & AI ML) and PG Courses M.Tech. (CSE), M.E.(CAD/CAM), M.E.(Structural Engineering), M.E.(Digital Systems), M.E. (Power Electronic Systems). The current intake of all B.E and M.Tech.courses is 780 and 102 respectively. The college is affiliated to Osmania University, Hyderabad and approved by AICTE, New Delhi. Osmania university has approved research centers for Mechanical, ECE, EEE, Civil, and CSE for pursuing Ph.D.

Vision of the Institution

To be part of universal human quest for development and progress by contributing high caliber, ethical and socially responsible engineers who meet the global challenge of building modern society in harmony with nature.

Electrical Engineering Department

The Electrical Engineering Department offers two B.E. Programs and one M.E. Program.

B.E. in Electrical and Electronics Engineering (Intake 60).

B.E. in Electronics and Instrumentation Engineering (Intake 60).

M.E. in Power Electronic Systems (Intake 18)

The four year B.E. program in Electronics and Instrumentation Engineering was started in the year 1997 in order to meet the surging industry demand for professionals in the area of automation and Power who could monitor and control automated engineering systems. Subsequently, the program of Electrical and Electronics Engineering was introduced in 2002 and Masters Program in Power Electronic Systems was introduced in 2013. The research center was established in 2017.

Department Vision

To produce proficient engineers who illuminate the nation, drive the industry and innovate in the field of power and automation.

Department Mission

Provide futuristic and comprehensive technical education to equip students with core competencies and relevant skill sets through effective teaching learning methods and state of art laboratories thus preparing them for global engineers.

Pursue need based research and provide consultancy and training services to address contemporary issues in the fields of Electrical and Instrumentation Engineering.

Solar LED Lamp Distribution Program dated: 02/11/2020

Solar LED Lamps were distributed to the beneficiary of public in Habbeb Bagh Yellareddy Guda, The program was planned to give wide use of solar LED lamps and minimization of power supply. Many households with children do not have electricity as a result of which they are unable to engage in studies during the evening.

Mohammed Haseeb Khan demonstrated to the public about how to use the lamp which is more than a solar lamp but can be charged through electric power. The usefulness of the LED solar lamp will be a boon for the public particularly those from the villages, he added. J.E. Muralidhar in his speech said that he was pleased to see the smile on the people face after the one year of COVID-19 pandemic lockdown. In spite of improvement in power supply, power shutdown happens regularly and so solar lamps are much needed to avoid distractions in regular activities, he added.

Finally, the public and their children were very happy about the awareness program on usage of solar LED lamp.

HOD, EED

One student one tree

Dept of IT, MJCET organized and supported AICTE Initiative One student one tree on 11 Feb 2021 with 30 students and planted 600 saplings at MJCET Campus.

Hon'ble HRD Minister Dr. Ramesh Pokhriyal "Nishank" launched a campaign "One Student One Tree". This initiative is in line with the Hon'ble Prime Minister's idea of a green and healthy environment. Students have planted trees of various varieties like Mango, Litchi, Guava, Olive, Letekul, Black Jamun, Jack fruit, and Neem. These different varieties of trees have been planted in different areas on the campus.

Report

Name of the Activity : Guidance for Home Sanitizer

“Guidance for Home Sanitizer and its Usage ” programme in association with EWB-MJCET was organized in Muffakham Jah College of Engineering and Technology on 14.11.2020. Sanitization is a preventive and strategic method to contain the spread of SARS-CoV2. Since there is no foolproof method to tackle the present COVID-19 pandemic, sanitization has a central role to play. To educate people for using natural materials as sanitizers was emphasized in this program and also the preventive measures were discussed.

Impact Analysis for Covid Awareness Programme

- To disseminate key health and Covid-19 messages onhand sanitizing, prevention and transmission methods.
- Disseminate information on the measures and protocols taken by local authorities, Ensure different forms of media are utilized to spread hygiene promotion and awareness of health services.
- For example, TV spots, messaging, social media, and mass awareness campaigns via megaphones, posters and leaflets in public places. Recommendation: Advocate for health agencies to increase their presence and operations especially within IDP sites. Support isolation/quarantine centres and promote equal access for all groups and health cases.

MJCET

Muffakham Jah College of Engineering and Technology (MJCET) was established in the year 1980 by Sultan-UI-Uloom Education Society (SUES). Today, it is a premier institute, offering BE Courses in 8 Branches (Civil, E.E, CSE, IT, EEE, EIE, Mechanical & AI ML) and PG Courses M.Tech. (M.E.(CAD/CAM), M.E.(Structural Engineering), M.E.(Digital Systems), M.E. (Power Electronic Systems). The current intake of all B.E and M.Tech courses is 780 and 102 respectively. The college is affiliated to Osmania University, Hyderabad and approved by AICTE, New Delhi. Osmania university has approved research centers for Mechanical, ECE, EEE, Civil, and CSE for pursuing Ph.D.

Vision of the Institution

To be part of universal human quest for development and progress by contributing high caliber, ethical and socially responsible engineers who meet the global challenge of building modern society in harmony with nature.

Electrical Engineering Department

The Electrical Engineering Department offers two B.E. Programs and one M.E. Program.

B.E. in Electrical and Electronics Engineering (Intake 30)
B.E. in Electronics and Instrumentation Engineering (Intake 30)
M.E. in Power Electronic Systems (Intake 18)

The four year B.E. program in Electronics and Instrumentation Engineering was started in the year 1997 in order to meet the surging demand for and for professionals in the area of automation and Power who could contribute to automated engineering systems. Subsequently, the program in Electrical and Electronics Engineering was introduced in 2002 and Master of Technology in Power Electronic Systems was introduced in 2013. The research center was established in 2017.

Department Vision

To produce proficient engineers who illuminate the nation, drive the industry to innovate in the field of power and automation.

Department Mission

Provide futuristic and comprehensive technical education to equip students with core competencies and relevant skill sets through effective teaching learning methods and state of art laboratories thus preparing them for global careers.

Pursue need based research and provide consultancy and testing services to address contemporary issues in the fields of Electrical and Instrumentation Engineering.

Department of English, February, 2021

On the occasion of **Science Day, 2021**, the Department of English conducted an informative Webinar on the topic "**Valuing the Valueless: Ethical Leadership for the Twenty First Century**". The talk delivered by Dr. Soumyajyoti Banerjee from IIM, Bodh Gaya highlighted the need to recognize and foster the essential values and professional ethics to become an asset to an organization. The session was a grand success and drew an attention of a large gathering comprising faculty and students.

To celebrate the occasion, the **Orators' Club** under the guidance of the faculty of the department of English, also conducted three events for students, viz. elocution, power point presentation and poster making. The enthusiastic participation of the students was greatly appreciated. The Advisor-cum-Director of Muffakham Jah College of Engineering & Technology, Prof. Basheer Ahmed, handed over the winners, cash prizes and certificates.

مفخم جاہ کالج میں قومی یوم سائنس کے موقع پر ویبنار

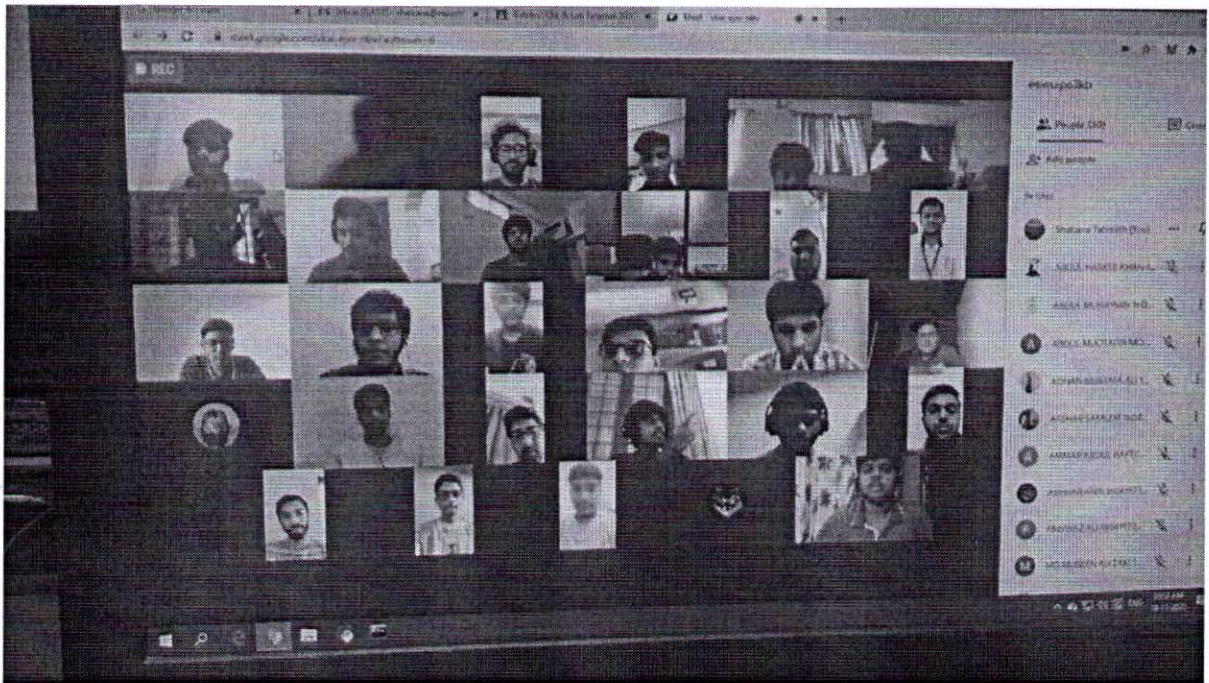

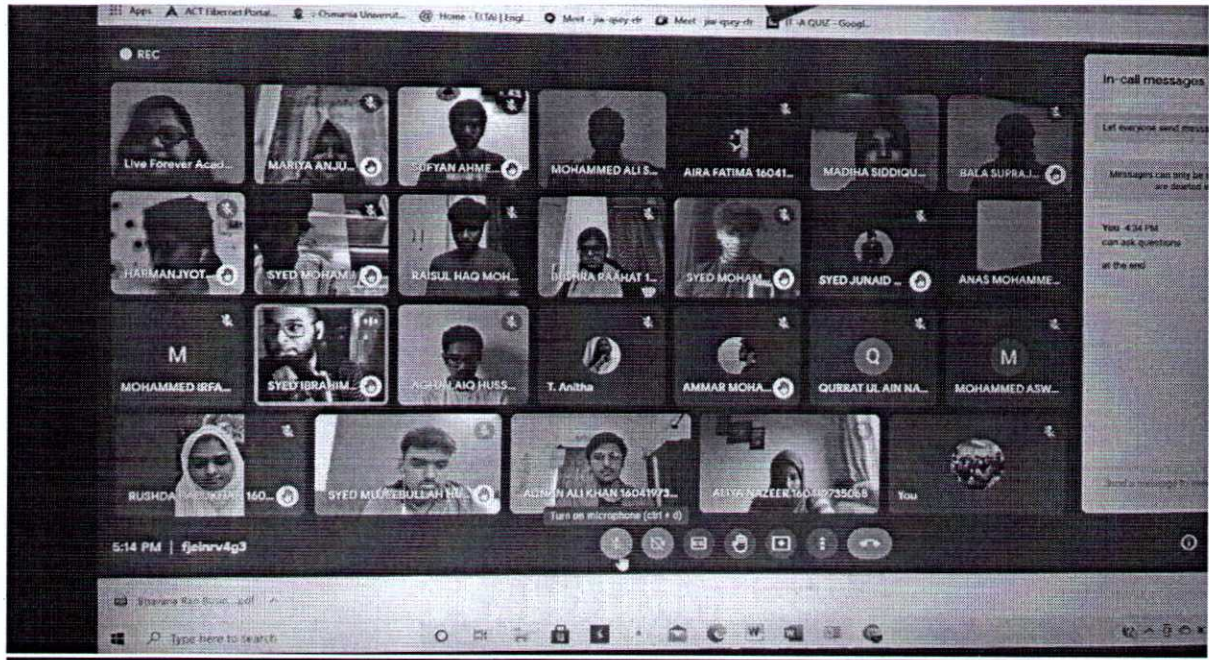

اپنی صلاحیتوں کو بروئے کار لانے طلبہ کو ڈاکٹر سومیا اور ڈاکٹر بشیر احمد کا مشورہ

انجینئرنگ اینڈ ٹکنالوجی ڈاکٹر بشیر احمد نے خطاب کرتے ہوئے کہا کہ طلباء میں اپنی صلاحیتوں میں بہتری لانے اور اخلاقیات سے آراستہ ہونے کی ضرورت کے متعلق شعور بیدار کرنے کے لئے یکم تا 4 مارچ تک ریاستی طبعیات اور کیمیا کی جانب سے ویبنار منعقد کئے جائیں گے۔ واضح رہے کہ آج قومی یوم سائنس کے موقع پر مفخم جاہ کالج آف انجینئرنگ اینڈ ٹکنالوجی اور 'ایٹرس کلب' کی جانب سے شعبہ انگریزی کے اساتذہ کی رہنمائی میں تقریری، پاور پوائنٹ پرزینٹیشن اور پوسٹر سازی ایونٹ منعقد کیا گیا۔

حیدرآباد۔ 27 فروری (منصف نیوز بیورو) مفخم جاہ کالج آف انجینئرنگ اینڈ ٹکنالوجی میں قومی یوم سائنس کے موقع پر Valuing the valueless: Ethical leadership for twenty first century عنوان پر ویبنار منعقد کیا گیا۔ اس موقع پر خطاب کرتے ہوئے ڈاکٹر سومیا جیوتی بھرجی (آئی آئی ٹی۔ بودھ گیا، بہار) نے کسی بھی ادارہ کے لئے اثاثہ بننے کے لئے ضروری صلاحیتوں اور اخلاقیات سے آراستہ ہونا ضروری قرار دیا۔ اڈوائزرو ڈاکٹر مفخم جاہ کالج آف

A Visit to Safdaria Girls High School

A delegation comprising of members from the Computer Society of India – MJCET paid a humble visit to the Safdaria Girls High School on Friday, 25 March 2021. The visit was intended to counsel young and ambitious students at the school, and advise them on the importance of education in building a good career.

A diverse range of topics were addressed to the students where the members spoke about the opportunities for women in science, technology, engineering and mathematics (STEM). The students were made to discern what Computer Science Engineering was, and were also explained about other engineering disciplines.

In a session that lasted for more than an hour, the members explained to the students about the pathways to building a successful career, and showed them what waits ahead after completing high school. The students were told about ways of staying motivated and how setting achievable goals would help them to build a bright future.

The students keenly listened to the speakers and vowed to realize the importance of education in leading a good life. The members interacted with the curious students and took their questions. The students enjoyed a lively quiz before the session ended for the day with some pleasant moments and photographs.

Presents

A Five Day Online Workshop

On

“Gender Sensitization and Equality”

5th Oct to 9th Oct 2020

Speakers:

Dr.Arifuddin Sohel
Dr. Kaleem Fatima
Dr. Ayesha Naaz
Dr.Salma Fauzia
Dr. Shabana
Tahniyath

Target Audience:

3rd Year Students

Registration:

Registration

Fee: NIL

E-Certificates will be given to all the registered Participants

Organizing Committee:

Mrs.S.Sabeera Khader,
Dept of ECE,
MJCET

About the Department: The ECE Department provides a holistic environment for the overall development of the student. The courses offered include, B.E,M.E in digital systems and the department has been declared as a Research Center by Osmania University in 2013. Osmania University allots scholars to the Research centre to pursue their Ph.D. At present three research scholars and two JRFs are carrying out their work at MJCET- ECE Research Centre.

ECE Department is equipped with state of art equipment, avant-garde, voluble and seasoned faculty with abound experience. The students of the department secured top University Ranks and have set the record of highest campus placement offers. With a very active IEEE Student Branch and Robotics Club, the department has achieved international and national level awards and trophies.

VISION

To be recognized as a premier education center providing state of art education and facilitating research and innovation in the field of Electronics and Communication Engineering.

MISSION

We are dedicated to providing high quality holistic education in Electronics and Communication Engineering that prepares the students for successful pursuit of higher education and challenging careers in industry, R&D and academics.

About the workshop:

Gender Sensitisation can be understood in simple terms as a modification of behavior by addressing issues of gender inequality. As education plays the role of a catalyst in gender sensitisation issues the institution proactively works in sensitizing students in gender issues through courses and outreach programmes. To meet the same purpose this workshop has been organized.

Outcome of the Workshop:

The students will be able to

1. To create an environment of justice.
2. To instill positive values so as to erase biases in the young developing minds as they progress towards the fair and unbiased society.
3. To create an inclusive gender diverse work place with fair practices.
4. To work towards modification of behavior by raising awareness of gender equality concerns.
5. To familiarize them with their constitutional rights and safeguards

Day wise schedule		
Day	Speaker	Topics
	Chief Patron: Sangeeta Singh, Secretary, IEEE Hyd Section	
1	Dr. Arifuddin Sohel	Women's Mobility and family honour
2	Dr. Kaleem Fatima	Gender Equality In Education is vital to achieve sustainable development
3	Dr. Ayesha Naaz	Gender disparity at workplace in India is a complex issue and needs creative solutions.
4	Dr. Shabana Tahniyath	Racism/sexual harassment An obstacle that many women face in the workforce
5	Dr. Salma Fauzia	Gender sensitivity is not about pitting women against men

Outcome of the Gender Sensitization and Equality Workshop:

The students will be able to:

1. To create an environment of justice.
2. To instill positive values so as to erase biases in the young developing minds as they progress towards the fair and unbiased society.
3. To create an inclusive gender diverse work place with fair practices.
4. To work towards modification of behavior by raising awareness of gender equality concerns.
5. To familiarize them with their constitutional rights and safeguards
