Report

TEACHER'S DAY CELEBRATION - 5th SEPTEMBER 2020

"Teacher's day" is a day that allows us to felicitate the most influential persons of society – our teachers.

The Department of English celebrated Teachers Day by conducting two online events on 5th September 2020, Friday from 10:30 AM to 12:30 on Zoom. The first one was a PowerPoint presentation competition on the topic 'evolution in teaching in the classroom,' and another, a Public Speaking Competition on the topic "Teachers are the ones who teach us the meaning of life." The participation was encouraging as students from other colleges across Hyderabad also took part in the events. The event offered an opportunity for students to showcase their talents. Most of them could make effective presentations and deliver powerful speeches. The judges for the event were Ms. Ghazala Anjum and Dr. Gitasri Mukherjee.

DebateonTopic: Peer Pressure: A Good or a Bad Influence

Date: 9th October, 2020, Friday

Platform :Zoom

Time: 9:30 AM to 11:30

Introduction

"You can sway a thousand men by appealing to their prejudices quicker than you can convince one man by logic."

Debate is one of the academic activities that give students creative room to express what they feel. The length and breadth of knowledge that they gain through this is simply unparalleled.

On 9th October 2020, a debate competition was held under the guidance of Dr. ShabanaThayniath ,Ms. Ghazala Anjum and Dr.Gitasri Mukherjee . The topic of the debate was **"Peer Pressure: A Good or a Bad Influence.** There were two teams-- Group "A" and Group "B" constituting of eleven participants. Each member had to either speak for or against the given topic under the time duration. The debate was for the students of EEE and was conducted with the support of EEE students. The aim of the competition was to hone public speaking skills of the students and teach them to be articulate while expressing their thoughts and opinions

Team A- Affirmative consisted ofAdnan,Supraja,Maliha,Daniyal,Amaan,Aswan,Naheed,Juveriya,Mujahid and Arfath.

Team B Rebuttal -consisted of Anas,Saniya,Ali,Ahsan,Sufyan,Abbas,Taha,Farwa,Asfiya,Asra and Jaishyam.

As the debate started the participants were all geared up and were fully passionate to share their ideas and focused on facts to support their stand.

Group A started the debate and seemed to defend right from the first speaker. Group B were fierce and ready to retaliate.

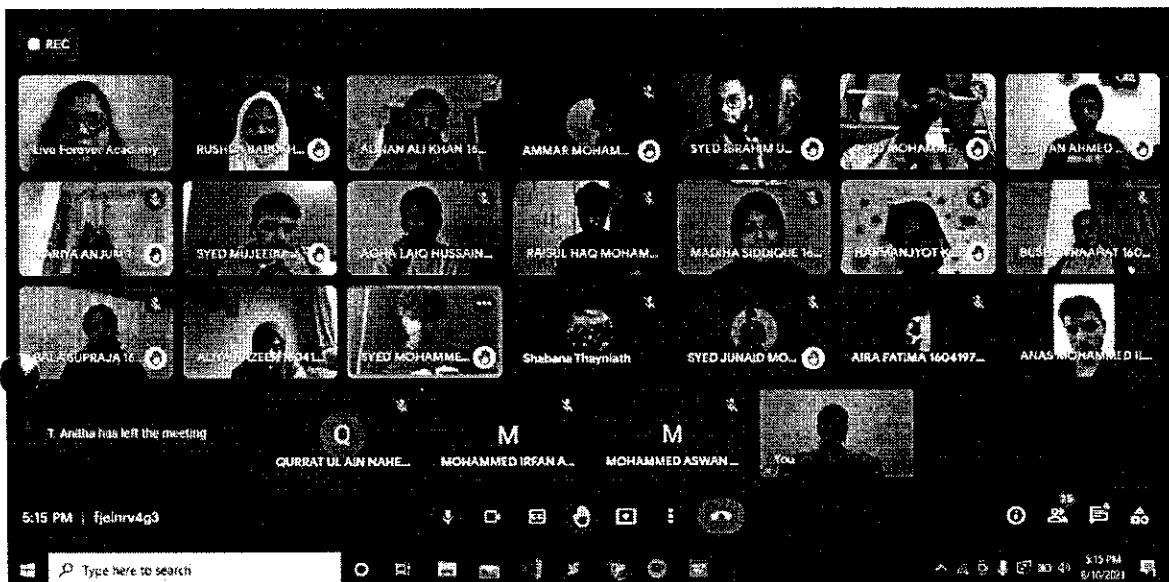

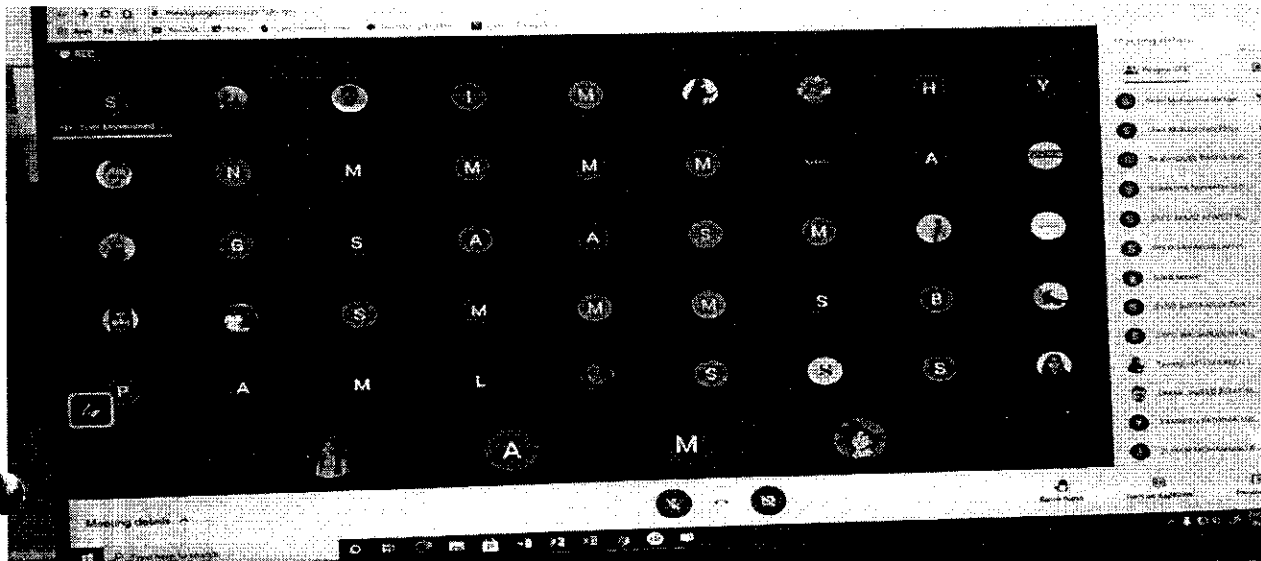

The course content delivered in the Debate is as follows:

MJCET has set the benchmark for conducting activities in such a way that the students not only enjoy but also learn a great deal from it. With the same perspective in view, The Debate Competition was held to develop one's debating skills and keeping students busy in the present pandemic situation. The speaker from the affirmative team set the motion of the debate – **"Peer Pressure: A Good or a Bad Influence"**. Some speakers argued for the motion and some against the motion. The teams had two rounds and each speaker came with good research on the topic to convince the audience

The debaters displayed confidence in presenting their arguments before audience and the judges.

At the end of the heated but interesting debate which lasted over three hours, finally it was declared a draw. The highlight of the event was the question answer round, as a volley of

questions were answered confidently by both the sides, inviting counter questions which were aptly answered by witty and vivacious speakers. The session was a kaleidoscope of opinions, thoughts, ideas and perspectives that definitely enhanced the knowledge and understanding of the topic among the students

Report on

The Public Speaking Event on “Women Empowerment”

Date:2nd November 2020 Monday Platform:ZOOM

Time:10am to 12:30pm

The Department of English conducted Public Speaking on “Women Empowerment” for the students on zoom platform which highlighted the below four topics

- 1.How an increase in women’s education results in higher economic growth?
- 2.Effects of early marriage on women
- 3.Gender inequality: can we question the norm ?
- 4.Psychological effects of gender parity on women

The Public Speaking event mainly focused upon Women’s sense of self worth, their right to have and determine choices,to have access to opportunities and resources, their right to have the power to control their own lives i.e both within and outside the home and their ability to influence the direction of social change to create a better social and economic order,nationally and internationally. There were a total 20 participants, out of which 16 were from MJCET and the rest from other institutions of Hyderabad.

The Judges for the event were :

- 1.Dr. Shabana Thayniath
- 2.Ghazala Anjum
3. Dr. Gitasri Mukherjee

The content of Public Speaking delivered was as follows:

The event commenced with a video presentation by Ms. Bala Supraja BE 2/4EEE the moderator from the organizing committee. After that Ms. Maleeha Nurain BE 2/4EEE from the organizing committee had welcomed the judges ,participants and introduced the participants to the rules for the event.

The participants spoke upon the topics such as how providing one extra year of education to girls increases their wage by 10-20% and this increase is 5% more than the corresponding returns on providing a boy with an extra year of schooling. Showing that this individual monetary gain creates an increase in the overall economic productivity of a country.

The participants also highlighted the points as how according to UNICEF and ICRW,India stands in the list of ‘child marriage Hot Spot’ at number 12 with whopping 47% of women marrying before the legal age of 18 years.They spoke about how important it is to start taking more an more action towards the violence against women ,to stop Gender inequality ,lack of employment equality ,to promote and encourage even access of education ,to provide legal protection in the working areas.

REPORT

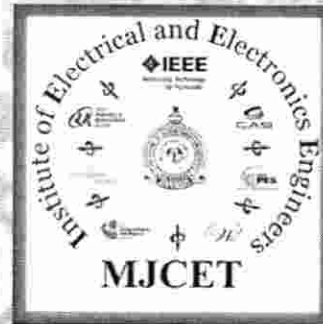

Title: Just a minute & Debate session
Date: 24th December 2020

Just a minute (JAM) & Debate are interesting games like competitions to encourage students to showcase their English communication ability. This competition gives an excellent opportunity for the students to further develop their communication capabilities through the challenges that they are made to take on during the competition, posed either by the JAM Master through the interesting and challenging topics that the participants are made to speak on, through controversial topics that have many for and against related details for debate or by the objections that they have to face from their fellow participants in case they have trespassed the rules of the competition. In totality, the competition is an interesting platform for students to engage in public speaking. IEEE Women in Engineering along with IEEE SB MJCET organized a two-day, “DE-JAM-IT” competition for the students of MJCET. Students of various branches were encouraged to participate by announcing cash prizes for the award winners. The efforts put in by the marketing have made the event a huge success since the crowd turn up was awe-inspiring. The participants, as well as organizers, had a great fun learning experience.

Report

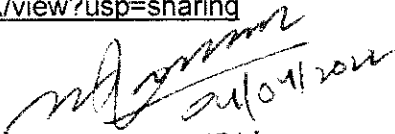

The session was started by Dr. Sher Mohammed Khan, who emphasized the role technological resources play in present times for English language learning. Highlighting a few freely available online resources, he displayed several strategies for learning and teaching all four language skills using technology. As technology is indispensable today, it can significantly affect the way one learns the language. To keep with the emerging trends and the development of technologies for English language learning, students and teachers need to learn where they fit in this dynamic world of technology. Teachers need to learn about the resources and how to use them to develop pedagogy. And learners must be able to use the resources that technology provides in a variety of ways that change what they do in the classroom.

The Department of English - Orators' Club organized a webinar titled 'Serving the nation' to give young aspirants a better understanding of the UPSC examinations and instill confidence in their minds to overcome the challenges along the way. The session was scheduled on 25th January 2020 at 2.00 pm on Google Classroom and the guest speaker was Mr. Vishal Mani Tripathi, an IES Officer and Director at the Ministry of Defence. The session was attended by Principal Mahipal Singh Rawat, Prof Majeed, HOD Basic Sciences, faculty members, and students.

Cracking the UPSC Exams is a very difficult task as it requires constant effort and determination. Many students aspire to become UPSC civil servants but not all of them have clarity on how to prepare for the exams. Due to the structure and enormity of this exam, the young aspirants, especially students are sometimes left with a plethora of doubts. Keeping that in mind, the webinar primarily focused on the challenges posed as well as the different strategies to crack the exam.

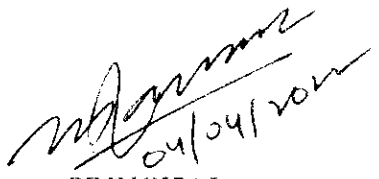

The webinar commenced with the objective of the webinar by Ms. Noor ul Huda, faculty EITK and with a welcome note and introduction of the speaker by Ms. Rushda Babukhan from the orators' club. The speaker set the floor for the session by giving a well-structured presentation that gave a brief overview of the UPSC Civil Services Examination. The presentation focused on enlightening the students with the structure and pattern of the exam. It also gave an understanding of how to get into these services by giving the students an idea of the various exams offered by the Government. The presentation also gave an elaborate insight into the Engineering Services Examination including the subjects being offered as well as its recruitment process.

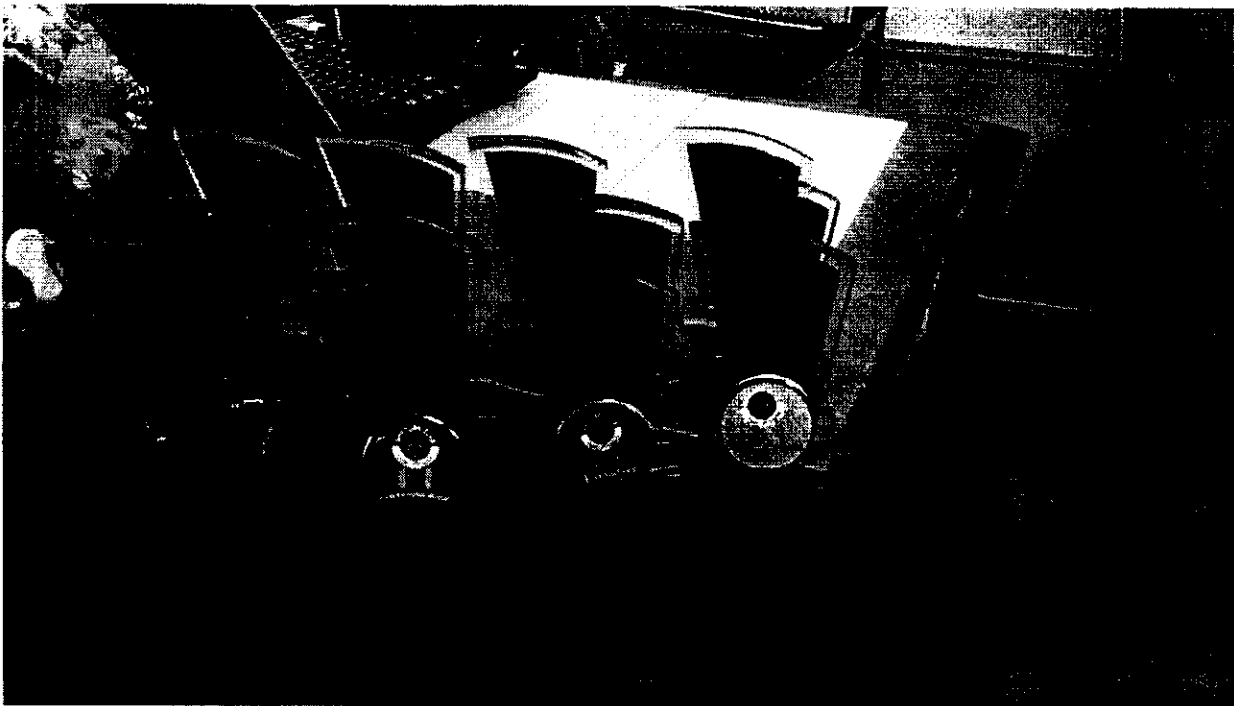

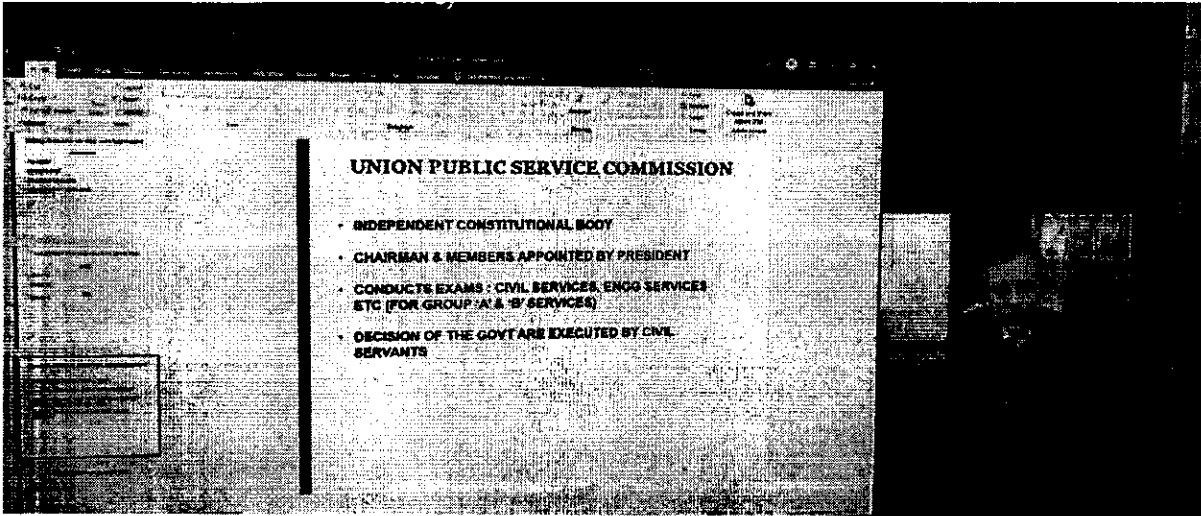

The speaker motivated the students to join the UPSC services asserting that it is an opportunity to understand our country from all aspects. He even highlighted the latest developments in our country to understand the contribution of the civil servants in the progress of the nation.

The speaker gave suggestions, tips, and guidance to the students to crack the UPSC exams and also spoke of his journey and experiences. He suggested that students constantly update their knowledge on current affairs and emphasized the need to be dedicated and persevering in order to prepare for it.

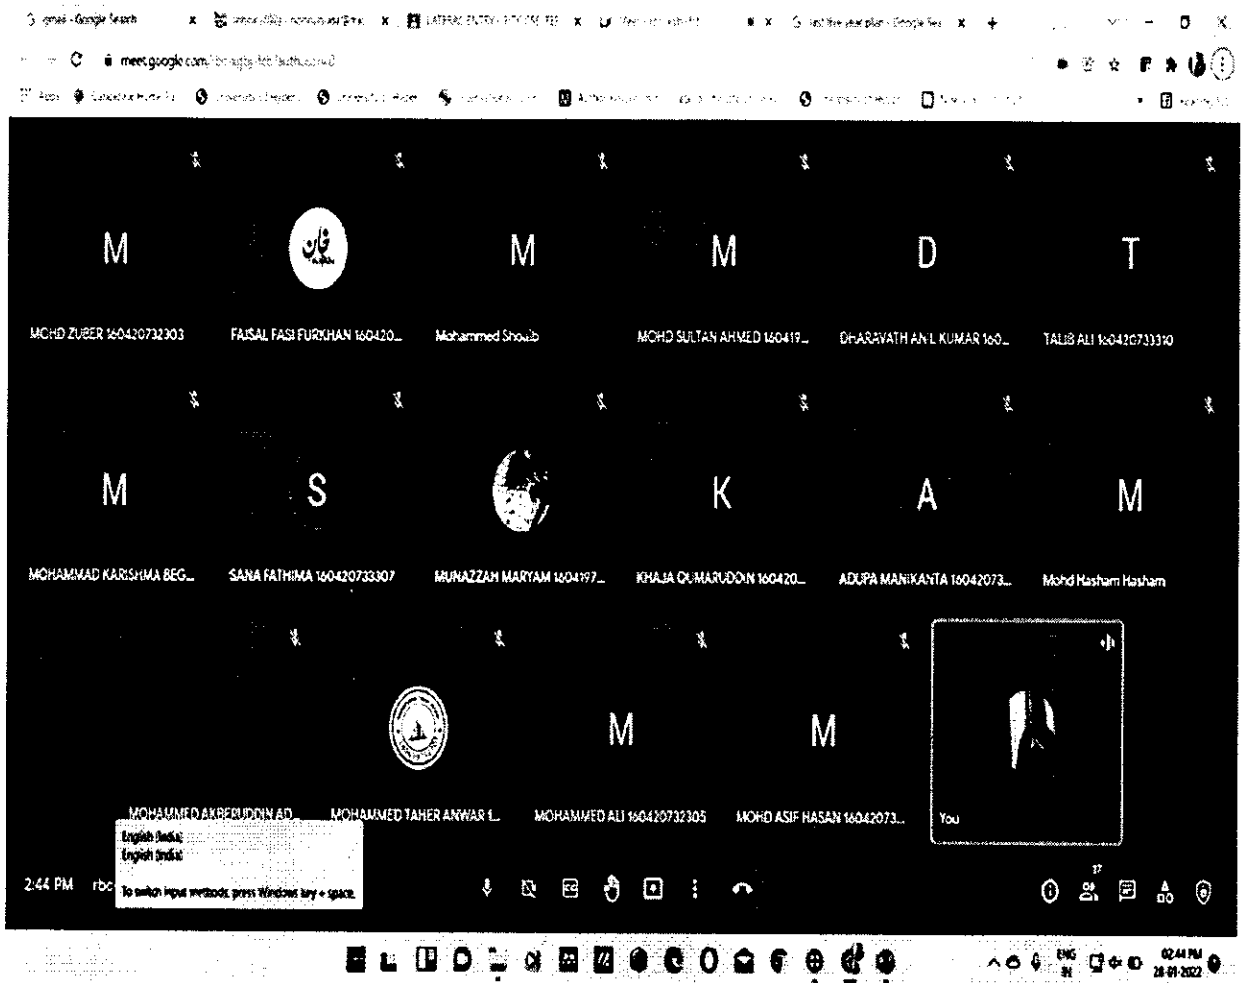

Towards the end, there was an interactive session where questions were asked on various concerns such as recent updates on the services, technical and procedural topics etc. The session concluded with a note of appreciation by Dr. Shabana Thayniath and a vote of thanks by Adnan on behalf of the Orators club, MJCET. 130 students who attended the session shared their positive feedback on the guest lecture and are looking forward to participating in more such events in future.

Overall, the session was well received by the audience as it was quite motivating and informative. Most participants were able to receive valuable inputs and gained excellent insight into the UPSC examination pattern and its importance. The session came to an end with a National Anthem.

REPORT

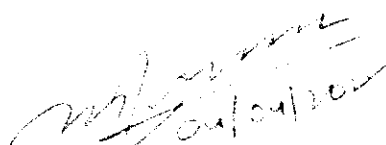

The Department of English- Orators' club organized ;REPUBLIC DAY QUIZE in an online mode on itsInstagram handle from 4 PM-5 PM on 26th January 2022. Republic day is celebrated every year on the 26th of January to celebrate the sovereignty of our country. Republic day march is considered tobe an eye-catching element of the festival and it showcases Indian cultural and social heritage. It also showcases the Indian Defence Capability. Nine to twelve different regiments of the Indian Army,Navy, and Air Force, accompanied by their bands, march in all their official decorations. ThePresident of India, who is the Commander-in-Chief of the Indian Armed Forces, takes the salute. As we all are aware of the current pandemic situation due to Covid-19 and omicron it was quite complicated to celebrate republic quiz in offline mode so, in keeping the view of a pandemic the Republic day quiz was conducted by the orators' club in online mode.

The motif of the quiz was to celebrate Republic day by organizing the quiz on its related topics and simultaneously a joyful online event that increased the knowledge of participants from the social point of view. The competition was conducted in MCQs pattern which has different difficulty level questions on constitution, polity,Governance and also some factual questions. The number of participants in the competition was around 200 which was a pretty good number and only 3 were able to make it to the final lists and the winners are @_syed.sohail @maaz_ahmed @ahmyiat. We were overwhelmed by the response of the audience and by their zeal to take part in the quiz. Our motive to put light on the social partand make students aware of the constitution, polity, Governance, and history of India was served through an online quiz.

REPORT

Title: Draw2inspire
Date: 6th March 2021

Visual pictures tend to make a lot of impact on people. They play an important not only to remember things for a long time but also to create an everlasting effect. Knowing the importance of pictures, IEEE WIE organized a poster-making competition, “Draw2inspire” for all the engineering students on the occasion of International Women’s Day. The competition was not only for MJCET students, students from various other colleges were also given permits to take part in the competition. The topic given to them was highlighting the fears and challenges women face in society & women empowerment. Wonderful sportive competitors participated in the event making it tough for the judges to decide the winners of the competition. A few posters of students are below
