Dear Fardeen,

Congratulations! I am pleased to inform you that you have been admitted as a student to the Master of Science program in Electrical & Computer Engr at the University of Illinois at Chicago (UIC) beginning in the Fall 2019 term.

The Graduate College requires that each degree student work with a department advisor in selecting courses. Details on advising will be communicated to you by the department, if they have not already done so. Also available for students admitted to the University is my UIC, a portal designed to assist students with the admission to registration process. Please go to <http://go.uic.edu/gradadmit> to access my UIC, if you have not already done so. We encourage you to visit the portal regularly to check your messages and obtain new information.

Newly enrolled students are automatically enrolled in CampusCare, the University-sponsored health benefits program, when assessed the Student Health Insurance Fee along with the tuition. Consult the CampusCare website at <http://campuscare.uic.edu> to obtain information about the program including permissible reasons to have it waived.

You have been classified as an international, nonresident student of Illinois. This status is for a person who is a citizen or permanent alien of a country other than the United States, who expects to return to a residence outside the United States, and either is, or proposes to be, a temporary alien in the United States for educational purposes only. As an international student, you are required to see an advisor in the Office of International Services (OIS) at UIC to verify your current immigration status upon your arrival at UIC. Failure to do so may jeopardize your stay in the US. Any questions or concerns regarding your immigration status should be addressed to OIS.

Your admission is conditional upon receipt of certain required documents. If you are currently completing your bachelor's degree, you will need to submit a final, official transcript. If your admission is based on unofficial documents, we will need to receive official documents. The required documents that must be submitted are listed on your application status page. See our Admitted Student Guide at <http://go.uic.edu/gradadmit> for submission details. For specific questions about your admissions status or required documents, consult the Office of Admissions at (312) 996-4350.

Admission to the Graduate College is for a specific term. However, if you wish to defer admission, it is possible that you may do so for up to one year without reapplying. Please contact your department with any questions concerning deferral.

Again, congratulations! We look forward to providing you with an outstanding education.

Sincerely,
